Message from Head of Sixth Form

“For all our students it has been a long term, but a productive one. Year 12 have inducted well into further education and most Year 13 students have already applied to future destinations for 2024 so well done to all. A welcome break is needed and we wish all have some time with family and friends to recover, ready for the spring term. We also wish all the best to the 151 Year 11 applicants to Sixth Form for next year and hope they have some well earned rest before entering their final year of main school”.

Mr Linnell – Head of Sixth Form

Economics Trip

Year 13 economics students this term attended a talk and Q&A session with Andrew Bailey, Governor of the Bank of England. A great experience and application of theory to meet the real experts during their studies.

Year 12 University of Suffolk Visit

On 9 November 76 students attended a taster day at a university to see if that pathway might be one which they may wish to follow at any UK provider. An informative day and some good questioning of students and staff.

Talent Show for Musical Keys

Students organised a great fundraising event on Thursday 7 December for the charity Musical Keys, which makes music and the arts accessible for all in Norfolk. £197 raised. Well done to all involved.

New Art and Photography A Level Area

The Art department has improved the individual space for Year 12 and 13 art and photography students

to work during independent study, with access to all the materials they need. This bespoke area includes new computers with Photoshop as well as all art materials. A great space for their December mock exams where exceptional Work has been produced.

New Outdoor Sixth Form Area

Students requested outdoor space they can use throughout the day. A new area has been created just below the

Common Room window, with new benches - and a bin - so that students can study outside in the fresh air. Hopefully this will be useful, especially come the Spring.

Staff/Student Charity Football Match

This took place on Friday 15 December on behalf of the Samaritans, raising £222. Well done to all involved - great support from lower school students, with victory to the staff team at 1-0.

Coming soon at Taverham Sixth Form... Year 13 mock exams take place w/c 22 January. Timetables were issued two weeks before Christmas - all the best with revision and the exams.

Week 1	Period 1 and 2 08:00-10:00				Period 3 and 4 10:25-12:25				Form/Period 5 and 6 12:40-12:50
