## Message from Head of Sixth Form

*“The new year has brought exciting opportunities for our students in both year groups considering options with students applying to universities and attending apprenticeship talks. We have an Apprenticeship Fair trip coming up next half-term and hope to be able to support our students so they are aware of all the destinations open to them. With Year 13 mock exams as well this half-term it has been a busy but productive start to 2024 for our students”.*

*Mr Linnell – Head of Sixth Form*

## Work Experience Week 13 – 17 May

Year 12 students have started to prepare for their Work Experience week in May, which follows the Year 12 mock exam week, by researching placements related to their aspirations or with useful transferable skills. Well done to those who have already secured and logged placements which will be a great way to consider future pathways.

## Year 12 University of Suffolk Visit

On Wednesday 31 January our Social Sciences faculty took Year 12 students to a conference at the University of Suffolk in partnership with the Norfolk Higher Aspiration Scheme *#futurepathways #6thFormonTour*

## National Apprenticeship Week

On 5 February Year 12 students attended a talk in their enrichment slot about apprenticeships as part of National Apprenticeship Week so they could consider this as a progression route after Sixth Form.

## Apprenticeships

National Apprenticeship Week  
5th to 11th February 2024

## RAG Week 2024

This last week of half-term Mr Linnell and some student leaders have been conducting assemblies with all year groups to thank them for raising £4704 for EAAA last year and to introduce the activities this year. We hope all students can take part and enjoy themselves whilst supporting the local charity, chosen by student leaders.

## Great Work

Congratulations to Chloe Coleman for her performance as Alice in Hellesdon High School's Addams Family show. Chloe takes A Level Drama in our shared timetable block with HHS and has been working fantastically well.
