Headteacher Dr Roger Harris

To: Y11 parents/carers

13 January 2022

Dear Parent/Carer

I am writing to inform you of the additional support and intervention sessions we are providing during the spring term to support your child with preparation for their GCSE mathematics exam. I am sure you agree that it is essential for your child to achieve the best possible grades at GCSE in their subjects and it is our belief that this extra support will improve the chances of them reaching their potential.

I would very much hope that Year 11 students take advantage of these sessions as they will provide an opportunity to revisit prior topics as well as consolidating and building on their subject knowledge.

The sessions will be led by a mathematics teacher with a small group of students and the material will be tailored towards the needs of your child in order to give them all the support they need for the year ahead.

The intervention timetable will start week commencing 17 January 2022 (Week 1) and will take place in G12, from 3:00 pm to 4:00 pm on the following days:

Foundation Tier Week 1 Tuesday
 Week 2 Wednesday

Higher Tier Week 1 Wednesday
 Week 2 Thursday

Please encourage your child to attend these sessions and do not hesitate to contact myself with any queries you have.

Yours faithfully

KS4 Mathematics Co-ordinator
