

To: Year 8 Parents/Carers & Students

June 2022

Dear Parents/Carers and Students

We are really pleased to be able to offer an after-school STEM (Science, Technology, Engineering and Mathematics) club running on a Wednesday for 5 weeks, beginning on **Wednesday 22 June in science room S7**.

The theme of the club will be to complete some 'Dyson' challenges prepared by the James Dyson Foundation that look to engage students in practical activities for both science and engineering conundrums (please see the following site for more details:

<https://www.jamesdysonfoundation.com/content/dam/pdf/US%20challenge%20cards%20with%20cover.pdf>)

The club will be limited to **24** students and sign up is required. Places will be allocated on a first come first served basis and sign up must be made by **Wednesday 15 June**. Parents/or carers please email me ([c.cameron@taverhamhigh.org](mailto:c.cameron@taverhamhigh.org)) to confirm your child/ward would like to attend and in so doing you acknowledge the need to organise for them to get home once the club finishes at 4.00 pm. Please include your child/ward's name in your email.

This is an exciting opportunity for students and one we hope many will be keen to sign up for.

Yours faithfully

Mr C Cameron  
Teacher of Science
