

A-Level Design Technology

You have already had access to induction material, completing tasks for the July induction day. In addition the following need to be completed over the summer and brought with you in September.

Task One

Research an art & design movement of your choice since 1915. Show examples of work and write about why you like the movement, where they got their inspiration from and how you could use it to inspire your work.

Task Two

Conduct some research into the production of crude oil and find out when it is estimated to run out. Research into what crude oil is used for and what materials it produces. Write a short essay on your findings and what your prediction for the future in materials might be, and a life without crude oil.

Task Three

Research into sustainable materials and products that are eco friendly. Produce a mind map (A3) of information.

Have a good summer and we look forward to seeing you in September
