Headteacher Dr Roger Harris

To: Parents/Carers

November 2022

Dear Parent/Carer

Earlier in the year your child would have brought home a letter that explained how the Food Preparation and Nutrition Department at Taverham High School provides ingredients for the practical lessons. The costing for each recipe has been calculated and as a result we requested a contribution of just £12 per pupil for the entire year so that we are able to maintain our current curriculum and provide opportunities for pupils to make and consume products using a wide range of ingredients.

Since the original letter we have received many contributions, for which we are very grateful. However, there are still a number of outstanding payments which, if made, would allow us to continue to provide pupils with a wide range of ingredients with which to make dishes that they can then consume.

This system proves much cheaper than asking each student to bring in the ingredients for every recipe, as many other schools do, as we are able to purchase ingredients in bulk. The average cost per student per recipe is approximately £2, for which they get to eat the food that they have prepared using the ingredients which we have provided for them.

I would be very grateful if you would agree to contribute £12 towards the cost of the ingredients so that your child can continue to make and consume such a wide range of dishes. Please make your payment via your Wisepay account.

I am grateful for your cooperation in this matter.

Yours faithfully

W Housden  
Head of Design & Technology
