Headteacher Dr Roger Harris

4 September 2023

To: Parent/Carers – Years 8 - 9

Dear Parent/Carer

Design Technology Contribution

The Design and Technology department, which includes Cooking and Nutrition, at Taverham High School is constantly reviewing their programme of study, schemes of work and projects that are delivered to students and seek to develop projects and recipes that enable delivery of the National Curriculum and which students find enjoyable.

The cost of supplying ingredients for students to complete recipes in their Cooking and Nutrition lessons is increasing, yet we strive to keep costs to a minimum and at Taverham High School we have opted for a system whereby students in Key Stage 3 are provided with ingredients to make all their recipes.

In order for this to happen we ask for a contribution towards the cost of the ingredients, which allows the students to complete the recipes and enjoy what they have made, often taking it home to share with families. This also means that parent/carers do not have the responsibility for shopping for small amounts of ingredients, often at an increased cost compared to the bulk buying that we can do at school.

We therefore ask for a contribution of £18 for the year, which will include all ingredients for all recipes. If you feel that the requested amount is not appropriate, but you are able to offer an alternative contribution, it would be gratefully received.

The school accepts debit and credit card payments online through WisePay. Many thanks in advance for your support.

Yours faithfully

Mr W Housden
Head of Design and Technology
