Contribution to School Fund

Dear Parents/Carer,

We are asking parents and carers to make a single voluntary payment of £30.00 at the start of Year 7. This payment covers the cost of running the school minibus, pupil planners as well as other occasional costs such as insurance cover for extracurricular activities.

This payment will cover the entire time your child is at Taverham High School, helping to avoid repeated smaller requests throughout the year.

The school accepts payments online through Wisepay. Instructions on how to register, along with your login details, will be sent to you by post at a later date. Please do not send cash or cheques into school.

Thank you for your support.

Kind regards

Taverham High School
